

# 750W 3"x5"

## Open Frame PSU

“COMING  
SOON”

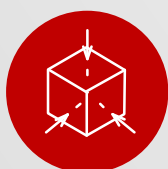

**RoHS**

**UL** US **UK** **CA** **CE** **CB**

## TN24-0750 Series

12/18/24/36/42/48/54Vdc

### High Density

High power density  
up to 31 W/in<sup>3</sup>

### Air Cooling

450W with natural air  
convection cooled

### Compact Size

3"x5"x1.61"  
with low profile size

### High Efficiency

High efficiency  
more than 95%

### Power Good

Power ok signal  
AC power fault signal

### Remote On/Off

Built-in remote power  
on/off control

### Wide Temperature

Wide operation temperature  
from -40°C to +70°C

### JP Capacitors

Japanese capacitors  
improve PSU reliability

### Safety Approval

IEC62368, IEC60335,  
IEC61558
